RE: Budget Adjustment Ordinances

A-93-03-02

In accordance with the City's Budget Adjustment Policy, requests for budget adjustments must be submitted to the Controller's office by March 1, June 1, September 1, and November 1. Attached are three ordinances detailing those requests submitted by March 1. They have been approved by the respective Division Head, the Controller, and the Mayor.

#### 1. Transfers within departments

- a. The Transportation department requests moving \$2,000 from the 4100 series (part-time line) to the 4400 series to replace a computer.
- b. The Board of Works requests moving \$10,000 from the 4400 series (COIT project line) to the 4300 series. This will allow the appropriate accounting of a COIT non-capital project selected by Councilman Cletus Edmonds.
- c. The Traffic Engineering department requests moving \$2,000 from the 4200 series to the 4400 series to purchase a workstation upgrade for GIS sign and marking inventory.
- 2. Transfers within the General Fund
  During the budget process it was agreed that the City would reduce it's
  budget by \$250,000 due to self-insurance savings. That amount was
  appropriately reduced in the respective funds at the State Board of Tax
  Commissioner's tax hearing in December. However, the amount reduced in
  the General Fund was all taken from the Controller's budget. The attached
  Appropriation Ordinance and Disappropriation Ordinance correct that
  reduction by increasing the Controller's budget by \$124,217 and reducing
  the appropriate departmental budgets by the same amount.

#### 3. Other Additional Appropriations

- a. The Street Engineering Department originally reduced their 93 budget by one engineer. However, it has now been determined that unplanned revenue in the way of Block Grant projects and ISTEA projects will require maintaining the 92 level of engineers. This department is in the MVH Fund and not funded by property tax dollars.
- b. TIF funds received in the LR&S Fund for the Coldwater/Washington Center Road project had not been appropriated.
- c. The Civic Center Parking Garage makes a payment in lieu of taxes to the General Fund annually. The amount was recently recalculated by Municipal Consultants. This item was unbudgeted in the 93 budget.
